

CCMGA 2022 Fall Plant Sale List

Shrubs Botanical Name	Description	Size	Water	Light	Attracts Pollinators
Abelia 'Canyon Creek' <i>Abelia x grandiflora</i>	Compact shrub has glossy dark green leaves that are tinged with bronze, with a dazzling bronze-rose fall color; tidy, mounded habit and tubular pinkish-white flowers	3' t x 4'w	Medium	Full to Part Sun	
Aromatic Sumac <i>Rhus aromatica</i>	Fragrant sumac is a dense, rambling, low spreading groundcover or low spreading deciduous excellent for stabilizing banks and slopes. In early spring, small yellow flowers appear at the twig tips before the foliage appears followed by green leaves of spring and transitioning to beautiful shades of orange, red, or reddish-purple in the fall. Leaves have a lemony scent when crushed.	Up to 2' tall x 6'wide	Medium	Full Sun to Part Sun	
Artemesia 'SunFern Acadia' <i>Artemisia gmelinii</i>	Herbaceous perennial works as a companion plant in containers or as an accent plant in the landscape .Plants are non-invasive and won't spread. Features fern-like textures that thrive in sunny locations. Low maintenance and drought tolerant.	14-18" t and wide	Low	Full Sun to Part Sun	
Barberry 'Crimson Pygmy' <i>Berberis thunbergii 'Crimson Pygmy'</i>	Dwarf, densely branched form displaying deep crimson colored foliage all season long. Best color when planted in full sun. Excellent color contrast against green or gold-leaved plants. A great choice for mass plantings, particularly as a low hedge or border plant. Deciduous.	2' t x 3'w	Medium	Full Sun	
Beautyberry 'American' <i>Callicarpa americana</i>	Large shrub with long, arching branches and clusters of showy lilac flowers in spring and bright purple berries in fall.	5't x 4'w	Low to Medium	Part Shade to Partial sun	Birds
Beautyberry 'Pearl Glam®' <i>Callicarpa x Pearl Glam®</i>	Pearl Glam® callicarpa is showy starting in spring, with dark purple foliage from the get-go. Late summer brings white flowers that yield violet-purple berries by the hundreds. Upright habit makes it space-saving.	4-5' t x 3-4'w	Low to Medium	Sun	Birds
Butterfly Bush 'Lo & Behold Ruby Chip' <i>Buddleia davidii 'Lo & Behold Ruby Chip'</i>	Compact size and dozens of magenta-ruby flower spikes. Fragrant and long-blooming. Sun-loving, heat tolerant and continuous bloom or reblooming.	3'tall and wide	Medium	Full to Part Sun	Bees, Butterflies, Hummingbirds
Butterfly Bush 'Grand Cascade' <i>Buddleia davidii 'Grand Cascade'</i>	Large, densely packed panicles of light lavender blossoms weep downwards. Blooms are larger compared to others of its kind. Adds color and light fragrance in summer; subtly beautiful foliage adds a great backdrop for these cascading blossoms. Blooms best on new wood.	5-6't x 708'w	Medium	Full	Bees, Butterflies, Hummingbirds
Butterfly Bush 'Miss Molly' <i>Buddleia davidii 'Miss Molly'</i>	Intensely pinkish-red blooms and fragrant flowers are appear for months every summer without deadheading. Non-invasive. Heat tolerant. Blooms best on new wood.	4-5' tall and wide	Medium	Full Sun	Bees, Butterflies, Hummingbirds

CCMGA 2022 Fall Plant Sale List

Butterfly Bush 'Pugster Blue' and 'Pugster White' <i>Buddleia davidii Pugster</i>	Produces full-sized flowers on a compact, dwarf frame. Thick, sturdy stems ensure better winter hardiness. Fragrant, long blooming and drought tolerant.	2't x 2-3'w	Medium	Full Sun	Bees, Butterflies, Hummingbirds
Buttonbush <i>Cephalanthus occidentalis</i>	Low maintenance, easily grown, deciduous shrub; leaves appear in late spring. Tiny tubular fragrant white flowers with a distinctive pincushion-like appearance. Good for native plant gardens, low spots, shrub borders, or to naturalize in woodland areas.	5-12' t x 4-6'wide	Medium	Full Sun to Part Shade	Butterflies
Common Tree Senna <i>Cassia corymbosa</i>	Low maintenance plant with masses of butter-yellow blooms in spring and summer. Can be trained as small tree or used as free-form shrub. Heat and drought tolerant.	6-8' tall x 4-6'wide	Low to Medium	Full Sun to Part Sun	Bees, Butterflies, Hummingbirds
Crape Myrtle 'Diamond Dazzle' <i>Lagerstroemia hybrid 'Diamond Dazzle'</i>	The deep green foliage becomes smothered by a profusion of pure-white flower clusters in summer. Foliage turns burgundy red in fall. Excellent accent or container.	3-4' tall and wide	Medium	Full Sun to Part Sun	
Crape Myrtle 'Ebony Fire' <i>Lagerstroemia 'Ebony Fire'</i>	Crimson flower trusses are showcased against intense, black foliage. Showy blooms add dramatic color to hot summer landscapes and hold into fall. Eye-catching as border plant or landscape accent, grown as a large shrub or a small tree. Drought tolerant when established.	8-12't x 6-8'w	Medium	Full Sun to Part Sun	
Crape Myrtle 'Pocomoke' <i>Lagerstroemia 'Pocomoke'</i>	Upright, spreading, densely-branched, dwarf shrub with glossy, oblong, dark-green leaves that emerge maroon in spring, but turn dark green and finally bronze red in fall. Deep rose-pink flowers; good plant for small places.	2-5 f tall and wide	Medium	Full Sun Part Shade	
Crape Myrtle 'Strawberry Dazzle' <i>Lagerstroemia hybrid 'Strawberry Dazzle'</i>	Dwarf, rounded, deciduous shrub with abundant clusters of crinkly, brilliant neon-rose flowers at its branch tips all summer long. Perfect as accent, container or border use.	3-4' tall and wide	Medium	Full Sun to Part Sun	
Dwarf Barbados Cherry <i>Malpighia glabra</i>	Barbados Cherry develops into a thick, rounded canopy of fairly delicate foliage with small pink flowers appearing periodically from April to October and are followed about one month later by bright red, tart-tasting, 1-inch fruits which are high in vitamin C. Maintain a good layer of mulch after planting.	3-6'tall x 3-4'wide	Medium	Full Sun to Part Sun	Bees, Butterflies
Dwarf Flowering Almond Prnus Glandulosa Rosea	Small, deciduous shrub that flowers in early spring with a beautiful display of light pink flowers before leaves appear. Blossoms are double pink and very prolific. Adaptable to most soil types, but prefers a well drained location with sun to light shade.	2-3' tall x 4' wide	Medium	Sun to part shade.	
Fatsia Japanese Aralia <i>Fatsia japonica, Aralia japonica</i>	Large, deep green tropical-looking leaves. Excellent choice for shaded locations and can be used as container plant, or as informal hedge or indoors or out.	6'-10' tall x wide	Medium	Morning Sun to Light shade	

CCMGA 2022 Fall Plant Sale List

Gardenia 'Frostproof' <i>Gardenia jasminoides 'Frostproof'</i>	Flowering evergreen hedge or foundation plant with lustrous, dark green foliage and large, fragrant, white flowers that measure two to three inches wide. A more upright habit and more tolerant of direct sun exposure than other gardenias, with flower buds that resist late spring frosts without damage.	5' t x 4'w	Medium	Full Sun to Part Sun	
Hibiscus Ardens Double Violet (Rose of Sharon) <i>Hibiscus syriacus</i>	Also known as Rose of Sharon or Althea this dramatic plant shows flourishes of huge purple flowers against a backdrop of lush green foliage. Deciduous.	8-10't x 6-8'w	Medium	Full Sun to Part Sun	Bees, Butterflies
Hibiscus Lucy (Rose of Sharon) <i>Hibiscus syriacus</i>	Also known as Rose of Sharon or Althea, Lucy has large double red-pink blossoms summer into fall. Prolific blooms all season yield to yellow-green fall color. Can be used as accent shrub or trained into small tree.	8-10't x 4-6'w	Medium	Full Sun to Part Sun	Bees, Butterflies, Hummingbirds
Hydrangea 'Limelight' <i>Hydrangea paniculata</i>	Dramatic blooms that range from lime green to creamy white to dusty rose. Extremely durable, long-lived plant is easy to grow. It likes full sun in cold climates, afternoon shade in warmer ones, but requires well-drained soils. Blooms on new wood.	6-8' tall and wide	Medium	Part Sun to Full Sun	
Hydrangea (Oakleaf) 'Snow Queen' <i>Hydrangea quercifolia 'Snow Queen'</i>	Large, dense, white flower clusters are held upright above the dark green oak leaf-shaped foliage; Midsummer blooms develop a rosy-pink hue in the fall as the leaves turn deep red-bronze; the tan-brown exfoliating bark is attractive in the winter.	4-5't x 5-6'w	Medium	Part Sun to Part Shade	
Hydrangea (Oakleaf) 'Gatsby Gal' <i>Hydrangea quercifolia 'Gatsby Gal'</i>	Large panicles of pure white are held high on upright branches. During the growing season, blooms transform from white to pink, but are not affected by soil pH. Foliage turns red in fall.	6' tall and wide	Medium	Part Sun to Part Shade	
Itea 'Little Henry' (Sweetspire) <i>Itea virginica 'Little Henry'</i>	Fragrant, tiny white flowers borne on stems with oval, dark green leaves that turn varying shades of red, orange and gold in fall, often persisting to early winter. 'Little Henry' is a dwarf version of the more common native species with superior flowers and better fall color.	1-2't x 2-3'w	Medium	Full Sun to Part Shade	
Ligustrum 'Sunshine' Ligustrum sinese 'Sunshine"	Evergreen. Ideal as a hedge in the landscape and offers year-round golden foliage that flourishes in full sun Does not bloom – good news for allergy sufferers	3-6' tall x 3-4' wide	Medium	Full Sun	
Rosemary Upright Rosmarinus officianalis	Pale Blue to White Drought Tolerant Edible ground cover with lots of blue flowers Plant in a moist, well-drained rock garden Great aroma stands up to cooking Versatile – mass plantings, container, baskets,. Blooms spring-Fall	6-12" tall x 3' wide	Medium	Full Sun	

CCMGA 2022 Fall Plant Sale List

Spirea 'Anthony Waterer' <i>Spirea japonica 'Anthony Waterer'</i>	A dense, upright, mounded shrub with tiny pink flowers in flat-topped clusters over the foliage from late spring to mid-summer and are attractive to butterflies. Blooms on old wood, prune in late winter/early spring.	2-3't x 3-4'w	Medium	Full Sun	Butterflies
Spirea "Double Play Red" <i>Spirea japonica 'Double Play Red'</i>	Stunning red blooms on very showy burgundy purple new growth. Naturally grows as a dense rounded mound.	2-3' tall and wide	Medium	Part Sun to Sun	Butterflies
Spirea 'Little Princess' <i>Spirea japonica 'Little Princess'</i>	Dainty clusters of rose pink blooms create a pleasing contrast with the low-growing, mint green foliage. Naturally develops a tidy, compact, rounded form that fits nicely in shrub borders. Great as an accent plant, specimen plant, or used to create a low hedge.	3't x 6'w	Medium	Full to Part Sun	Butterflies
Texas Sage 'Heavenly Cloud' <i>Leucophyllum 'Heavenly Cloud'</i>	Multi-stemmed but rounded evergreen shrub with an upright spreading habit of growth and showy lavender flowers in summer; great for water conservation; does not like wet feet.	6' tall and wide	Low to Medium	Sun	Bees, Butterflies
Texas Wisteria <i>Wisteria frutescens</i>	A twining deciduous woody vine, with fragrant pea-like lilac purple flowers in drooping racemes; once flowering is done, narrow flattened smooth seed pods which ripen in summer. Non-invasive.	15-30't x 4-8'w	Medium	Sun to Part Shade	
Viburnum 'Compactum' <i>Viburnum carlesii 'Compactum'</i>	Showy and fragrant with a cinnamon scent and appear in April. The smaller size of this viburnum makes it useful for smaller yards and gardens. Flowers are followed by a blue-black drupe. The fall color is dull red.	3-4't tall and wide	Medium	Full Sun	Bees, Butterflies, Hummingbirds
Vitex 'Shoal Creek' <i>Vitex agnus-castus</i>	Herbaceous Perennial Violet to Blue Also known as Chaste Tree Excellent choice for large shrub or small flowering tree for borders, foundations, or butterfly gardens	10-15' Tall		Full Sun	Butterflies
Yucca 'Red' <i>Hesperaloe parviflora</i>	Red Yucca (which is not actually a yucca) is, however, a stalwart in Texas landscapes. Dark green rosette of long, thin leaves rise fountain-like. Drought tolerant.	2-3' tall and wide	Low	Full Sun	Hummingbirds
Yucca 'Color Guard' <i>Yucca filamentosa 'Color Guard'</i>	Upright foliage adds architectural interest and the colorful striped foliage creamy-white on dark green adds even more! Use as an accent, in containers, mass plantings and in xeriscape. Showy spires of fragrant snow-white blooms in summer. Top 100 plant for N. Texas	3-6 tall x 2-3' wide	Low	Full Sun	Bees, Butterflies
Ornamental Perennials					
African Bulbine 'Orange' <i>Bulbine frutescens 'Orange'</i>	Succulent foliage with star-shaped orange flowers in summer months. Prefers well drained soil but is tolerant of poor, dry soil. Deadhead to encourage more flowering	4' tall and wide	Low	Full Sun to Part Sun	

CCMGA 2022 Fall Plant Sale List

Agapanthus Blue	Evergreen perennial Thin, linear dark green leaves with rounded clusters of blue, funnel-shaped flowers atop stiff upright leafless stalks rising 18-24" above the basal mound Mulch in hottest part of summer Blooms spring to fall	3' tall x 8' wide	Medium	Sun to Part Shade	
Agastache 'Blue Fortune' <i>Hyssop 'Blue Fortune'</i>	Herbaceous perennial. Tiny, lavender blue tube-shaped flowers tightly packed on terminal spikes. Good cut flower for along walkways or patios.	2-3' tall x 1-2' wide	Medium	Full Sun to Part Shade	Bees, Butterflies
Agastache 'Tutti Fruitti' <i>Hyssop 'Tutti Fruitti'</i>	Easily grown in average, medium moisture, well-drained soils in full sun, but tolerant of some light shade. Produces tiny, tube-shaped, raspberry flowers on 6-10" terminal spikes on purple stems. Leaves are serrated and lemon-scented - sometimes lasting till frost	18-24" tall x 12-18" wide	Medium	Full Sun	Bees, Butterflies
Aster 'Kickin Carmine Red' <i>Aster novae-angliae 'Carmine Red'</i>	Magenta-red blooms completely cover this compact, mounding variety for weeks in the fall Keeps its form without trimming or pinching back Provides continuous color for the garden Herbaceous perennial Blooms" Late Summer to Fall	2-3' tall x 2-3' wide	Medium	Full Sun	
Aster 'Woods Pink' <i>Aster novi-belgii 'Wood's Pink'</i>	Compact, clump-forming aster with daisy-like, semi-double asters (to 1/2" diameter) with pink rays and yellow centers. Blooms profusely from late summer to early fall. Glossy dark green leaves.	12-18" tall and wide	Medium	Full Sun	Bees, Butterflies,
Cast Iron Plant <i>Aspidistra elatior</i>	Excellent for those difficult-to-fill areas in deep shade A nearly fuss-free, lush, leafy evergreen that will tolerate a range of growing conditions including heat, aridity and dry shade Can be used as house plant or outdoor plant Blooms: N/A Prized for Foliage	2-3' tall x 2-3' wide	Medium	Part Shade to Part Sun	Butterflies, bees, hummingbirds

Big Muhly <i>Muhlenbergia lindheimeri</i>	A Texas A&M Superstar plant, this native, clumping grass is drought tolerant. Narrow leaves and swaying plumes and seed heads provide interest in the landscape.	4' tall and wide;	Low to Medium	Full Sun to Part Shade	

CCMGA 2022 Fall Plant Sale List

Muhly Grass – ‘Pink Muhly Grass’ <i>Muhlenbergia capillaris</i>	Known as “Pink” Muhly Grass, spikelets are purple but in the fall, the plant takes on a stunning, feathery, deep pink hue. Adds texture, movement and mass to your landscape. Blooms: Late Summer – Early Fall	18” Tall x 3’ wide	Medium	Full Sun	
Lomandra ‘Arctic Frost’ <i>Lomandra longifolia</i> ‘Arctic Frost’	An attractive evergreen grass-like perennial that grows to 3 feet tall by 3 feet wide with narrow dark green leaves with contrasting white edges Grows easily in a pot, or could be threaded though the border where its variegated foliage will add color and structural interest.	3’ tall and wide	Low to Medium	Sun to Part Sun	
Lomandra ‘Miners Gold’ <i>Lomandra</i> ‘Miners Gold’	An evergreen perennial with narrow pale greenish yellow strap-shaped leaves that’s tips are curiously cut as though with pinking shears.	2-3’ tall and wide	Low to Medium	Sun to Part Sun	
Annuals and Fall Ornamentals	Description	Size	Water	Light	Attracts Pollinators
Cabbage ‘Pigeon Victoria Pink’ <i>Brassica oleracea</i>	Hybrid flowering kale features green outer leaves and a pale pink center. This flowering kale exhibits compact plants with rounded smooth leaves and solid heads. Adds great color to containers or beds.	6-10” tall and wide	Medium	Sun to Part Shade	
Cabbage Osaka Red <i>Brassica oleracea</i>	Leaves are green or purple, grown for its dense-leaved heads; beautiful in a cool weather garden. Mainly grown as ornamental but can be eaten.	12-18”w	Medium	Full Sun	
Desert Rose ‘Picotee’ <i>Adenium obesum</i> ‘Picotee’	Looks like a bonsai; it has a thick, swollen trunk, shiny, dark green leaves. The real appeal comes from its showy, trumpet-shaped flowers that appear in festive shades of pink, white, purple, and red. Must have winter protection. Plant is toxic to pets.	1-3’ tall x 12” wide	Low to Medium	Full Sun	Butterflies
Pansy ‘Colossus’ Series <i>Viola x wittrockiana</i>	Large-bloomed pansy with upward facing blooms can get to 3-4” across. Tight growth habit. Pansies are the cold weather plant of choice for late fall, winter and early spring Colors available: Ocean Blotch, Tricolor, White and Mixed colors.	6-8” t x 6-8”w	Medium	Full Sun to Part Sun to Part Shade	
Pansy ‘Frizzle Sizzle’ Series <i>Viola x wittrockiana</i>	Large, heart-shaped foliage surrounds these ruffle-edged pansies. Set atop short but sturdy stems, enjoy their cheerful color. Suitable for beds or containers. Available colors Blue, Lemonberry, Yellow-Blue Swirl, Raspberry	8-10” t x 6-10”w	Medium	Full Sun to Part Sun, Part Shade	
Pansy Inspire Deluxe Series <i>Viola x wittrockiana</i>	A mix of all solid-colored blooms in the Inspire Plus series. The Inspire Plus series is a uniform and compact large-flowered pansy with short stems (no stretching) and good overwintering. Colors available: Clear mix and White Blotch	7” t x 7” w	Medium	Full Sun to Part Sun, Part Shade	

CCMGA 2022 Fall Plant Sale List

Pansy 'Majestic Giant Series <i>Viola x wittrockiana</i>	Large 4-inch blooms with the traditional pansy face. These plants thrive under diverse growing conditions. Bright vivid colors are desirable in any garden setting or in containers. Colors available: Autumn Mix, Deep Blue Blotch, Fire Blotch, Rose Blotch, Marina Blotch	6-8"t x 6" w	Medium	Full Sun to Part Sun, Part Shade	
Pansy Matrix Series <i>Viola x wittrockiana</i>	Extra-large flowers hold up to the heat in early fall. Low-maintenance series with good uniform colors. Colors available: Ruby Mix, Sunrise and Mixed colors	8"t x 8-10"w	Medium	Full Sun to Part Sun, Part Shade	
Pansy Trailing Cool Wave <i>Viola x wittrockiana</i>	Cool Wave Pansies have a trailing or spreading growth habit, instead of the traditional upright growth habit of pansies and violas. The bloom size is a bit smaller than the larger blooming pansies, however, the trailing/spreading growth habit of these plants makes them perfect for pots. Colors available: Blue Skies, Golden Yellow, Cream	6-8"t x 30"w	Medium	Full Sun to Part Sun, Part Shade	
Viola Admire Series <i>Viola x wittrockiana</i>	These compact, spreading plants that are equally at home in the sunny border or containers. Heat and drought tolerant flowers are approximately 1 ½ inches across. Bright green foliage survives the hot summer to bloom again in cooler weather. Colors available: Color Maxi Mix and Spring Fling Mix	6"t x 6-9"w	Medium	Full Sun to Part Sun, Part Shade
